DurelTOP is a new system of fabrication of tabletops for tables designed for the highest levels of practicality, resistance, and elegance. The DurelTOP tabletops have a greater thickness, formed by a double layer perfectly closed. Produced in first quality polypropylene, they are resistant to water, resistant to the sun and do not show any yellowing. DurelTOP is the result of a decade of research and development in plastic materials by NARDI, always a leader in the contract and garden sector.
